

Tanzania Development Information Centre (TDIC)

Information on TDIC

The Tanzania Development Information Centre (TDIC) is a partnership initiative of multilateral and bilateral agencies, administered by Tanzania Global Development Learning Centre (TGDLC) at the Institute of Finance Management (IFM). The TDIC has been established to promote the use and access to knowledge in order to improve the effectiveness of development programs in Tanzania. Using the Centre's resources, the public, students, researchers and policy makers have access to a wide range of information on development.

- **Development Dialogue:** Development organizations or institutions conducting development dialogues can rent TDIC facilities and connect to partners worldwide through the Global Development Learning Network (GDLN) (www.gdln.org).

- **Books and Display:** Development Partners can sell their publications on consignment, donate books, CD-ROM & Videos to the Library, or place their brochures for free distribution, and can exhibit their displays on TDIC display panels.

TDIC Services

- An open access reference Centre stocked with development publications on Tanzania.
- Access to development related information on the Internet through computer workstations.
- Links to the public access databases and development related websites.
- Access to publications of development partners.
- Access to publications for local agencies.
- Free publication as part of a public information services
- Exhibition display space
- Venue for development dialogue

Documentation

The Centre provides information on the activities of official development agencies and other development partners working on Tanzania as a one-stop shop for their public information material.

A comprehensive selection of brochures and booklets containing assistance strategies, sector policies, project summaries & annual reports is continually updated on Tanzania's bilateral and multilateral development partners.

The Library

The Tanzania Development Information Centre is a reference Centre open to all members of the public, particularly decision makers, academicians, journalists, members of parliament, youth and researchers seeking information on development in Tanzania. The Centre also hosts various discussions for development and related themes in its multimedia room.

The collection at the Centre can be accessed through the Internet using a professional software for easy access to available publications.

Internet Access

The TDIC 's computer work station are available free of charge to the public to access development information , databases, and other information recourses needed for research purposes .

How to Partner with TDIC

The TDIC involves collaboration with individuals, groups and institutions, through various ways:

- **Direct Contribution:** Development partners wishing to promote knowledge and information for development can make cash or in-kind contribution to support the running cost of the Centre.

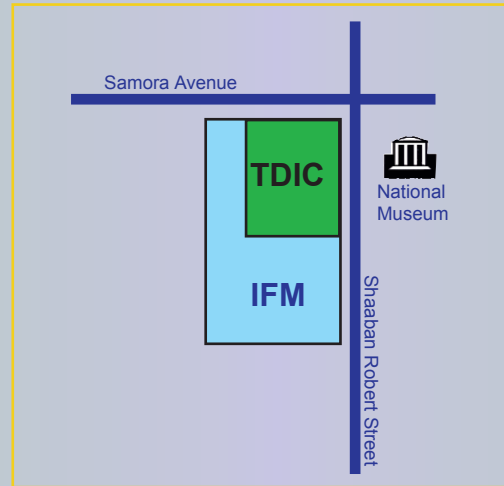

Partnership with TDIC

The TDIC and its staff are happy by contributions from the following governments, development partners and local agencies:

- President's Office Public Services Management (PO-PSM)
